REMARKS

RETURN TO CIA LIBRARY

25X1

1. An airfield was located about a mile south of OGULIN (Y 12/J 93), within a large road fork (see Annex). It was an improvised airfield during the war.

2. The field was being improved by:

An engineer unit from KARLOVAC (Y 12/K 25)
Air Force soldiers
A "Frontovska Brigada" (youth labor service)
Civilian specialists.

3. Five hangars were at the field. A flight control station was scheduled. A radio and weather station, was northwest of the field in a former monastery (see Annex).
